By DOROTHY HALEY

Mrs. E. E. Plank is spending two weeks with her daughter and family, Mrs. Betty Dreiss, in Fort Leavenworth, Kansas.

A. L. Crossland attended an insurance school in Dallas last week.

Mr. and Mrs. H. R. Fulton, Jr., and Richard attended the gift show in Dallas over the weekend.

Dr. and Mrs. Lowell Smith and children of Lawton, Okla., spent the weekend with her parents, Mr. and Mrs. Roy Franklin, and his parents, Mr. and Mrs. O. A. Smith.

Mr. and Mrs. Clay Cooper returned Sunday from a trip to Dallas and Waco.

Eugene Hill of Albuquerque, N. M., spent the weekend with his parents, the George Hills.

The Palo Duro Barber Shop has moved to a new location on the west side of the square.

Mr. and Mrs. O. W. Parker, Jr., are attending the gift show in Dallas.

Mrs. James Butler of Tulsa visited with her mother, Mrs. Carl Laughery, Sunday.

Mr. and Mrs. Lynn Blewett and children and Mr. and Mrs. David Lane spent Sunday in Clarendon.

Miss Billie Graham of Stratford, Conn., is visiting her parents, Mr. and Mrs. Walter Graham.

Mr. and Mrs. T. G. Dewey flew to New York Saturday.

J. Evetts Haley, Jr., is in St. Anthony's Hospital in Amarillo recuperating from an appendectomy.

Mrs. R. N. Cooke is working at Warren's.

Mrs. Alice McCormick was moved to Thurmon's Convalescent Home in Amarillo Sunday.

Toastmistress Meet Friday

The Toastmistress Club will meet in the home of Mrs. Richmond Hales Friday at 8 p.m. Everyone is invited.

Residents Invited To Visit Schools

Residents of Canyon and the surrounding area have been invited to visit the Canyon schools next week as the school observes Public Schools Week.

Theme of this year's observance is "Democracy in Action," and J. E. Miller, principal of Canyon High School in charge of the special week, urges "everyone to visit at least one of the schools" in Canyon.

An information desk will be set up in the main hallway of Canyon High School for the convenience of persons visiting that school.

Students Man Desk

Anyone desiring to visit a class may get information on where the class meets and other information at the desk, which will be manned by high school students.

At the elementary and junior high schools, persons may go directly to the class they wish to visit, or may get information at the principal's office.

The week officially begins Sunday, and several ministers have indicated they will announce the invitation to their congregations at Sunday services, Miller said.

FTA Plans Programs

Members of the Future Teachers of America, a student organization, plan to give programs throughout the week to service organizations in the city.

Already docketed are programs to the Lions Club on Wednesday and the Kiwanis Club on Friday.

FTA members also will give some important facts about Texas schools to the student body over the public address system at the high school during the week, Miller said.

'Smile Week' Set

It also will be "Smile Week" at Canyon High School and the observance of Public Schools Week will culminate with a program in the high school auditorium when the Smile King and Smile Queen are crowned.

The public is invited to the program, which will begin at 10:30 a.m.

The Smile King and Smile Queen will be elected by the student body during the week, under the direction of the Student Council.

Public Schools Week is being

observed throughout Texas during the week.

In an official memorandum proclaiming February 28-March 4 as Public Schools Week, Governor Price Daniel said, "For each of the past ten years Public Schools Week in Texas has been set aside as a special time to place increased emphasis on our educational system."

"During this period, parents are encouraged to visit the public schools, and all citizens are urged through special programs to recognize the tremendous importance of our system of education. Our goal is to make Texas public schools the finest in the nation, and to achieve this our citizens are urged to take an active interest in the school systems and to cooperate with their school boards, superintendents, principals, and teachers."

"Never before in our history has there been a greater need for educated leadership. As we rush to train young people in science and technology to keep pace with world events, it also is important to remember that our public schools will furnish our leaders of tomorrow with the basic human, moral, and spiritual foundations necessary for more advanced training and knowledge."

Piano Festival Slated Sunday

Pupils of Frances Bright will be presented in a piano recital at 3 p.m. Sunday in the Choral Room on the second floor of the Fine Arts Building. The public is invited.

Pupils playing will be Beverly Brown, Roger Wilson, Craig Parker, Pat Jarrett, Jamie Olson, Ricky Wilson, Alan Demus, Janet Haggard, Kathy Hufnagle, Mark Olson, Pam Sternberg, Rebecca Price, Jim Cabe, Randy Brown, Beth Jarrett, Mike Matthis, Andrea Lair.

Also, Carol Brown, Mary Ann Wheelock, Dorothy Grabbe, Judy Moudy, Davis Price, Jane Jarrett, Virginia Crounse, Judy Roberts, Dorothy Higdon, Judy K. Wilson, Nedra Fanning, and Ruth Francy.

MELVIN CUNNINGHAM

Finale for Buffs On Tap Saturday

Melvin Cunningham will return to Canyon Saturday night with the Hardin-Simmons Cowboys in an attempt to spoil the West Texas State Buffaloes basketball finale.

The Buffs close out their cage season in the Field House Saturday against the Cowboys. Tipoff time is 8 p.m.

Cunningham will be playing his final collegiate game for H-SU. He has been a starter throughout the season, and is the fourth leading scorer for the Cowboys. He has earned 122 points this season for an average of 5.8 points per game.

He is the son of Mr. and Mrs. A. M. Cunningham and is a graduate of Canyon High School.

A freshman game between WT and the Hardin-Simmons Buttons, which was scheduled to precede the varsity game, has been set at 9:15 p.m. Friday. A Region 1-B cage tournament, which will be held in the Field House, caused the change in schedule.

The Buffs, currently third in the Border Conference, were knocked from the top spot Monday night by the New Mexico State Aggies in Las Cruces.

The Buffs defeated the Cowboys, who won 8 and lost 15 games during the season, 102-84, in a game at Abilene.

WT Buffs to Play Exes for Charity

A benefit basketball game, featuring the West Texas State varsity Buffaloes versus a group of WT ex-Buffaloes, will be staged Tuesday night in the West Texas fieldhouse.

Proceeds from the game will go for Canyon youth activities, according to Dr. Luther Haggard, president of the Canyon Rotary Club, which is sponsoring the event. Tip-off time will be at 8 p.m., and admission prices will be \$1 for adults and 50 cents for students.

Buffalo Coach Metz LaFollette will direct strategy for the Buffaloes, while W. A. "Gus" Miller, former Buff coach and now head of the physical education department at WT, will be coach for the exes.

Two Border Conference officials have volunteered their services in calling the game. They are Edd Haley and Henry H. "Hoss" Bledsoe.

Halftime activities will include a square dance demonstration by girls in a physical education class, and a performance by the Sam Houston Rifles Drill Team of the WT Reserve Officers' Training Corps unit.

Among the former players expected back for action are James Scott, now freshman basketball coach, Troy Burrus, Ray Burrus, Austell Burrus, J. W. Malone, Bill Clifton, Rookie Rogers, Allen Simpson, Johnny George, Harold Robinson, and others.

Canyon Duo Wins Amarillo Tourney

Tommy Hunter and Nig Carter won first place in the doubles competition of the Amarillo City Men's Bowling tournament last weekend with a 1362 series.

Hunter, also entered in the singles division, rolled a 713 series to nail down fourth spot in that category.

In other bowling activity, Canyon bowlers took the first three places at an annual tournament in Muleshoe which ended Saturday.

Placing first in the tourney was Denis Lacy, while Nig Carter finished second, and Glenn Barrington placed third.

Fire Insurance Credit Hiked for '60 in City

Premiums for fire insurance within the City of Canyon will dip five percent after April 1, it was learned this week.

Reason for the drop in premium costs is the new fire insurance credit rating given the city in the 1960 Key Rates and Fire Record Percentages issued by the State Insurance Commission.

The increase in credit is to 25 percent—the highest rating given. Canyon is now receiving 20 percent credit.

Savings of 10 Cents

This means a savings of about 10 cents on every \$1,000 worth of insurance, Carroll Vaughan, local insurance agent, said.

And the City of Canyon put a full-time fireman on the payroll

Monday to help assure that the city keeps the good rating.

The good credit rating is in effect until April 1, 1961, at least.

Reason for the credit increase is that fire losses within the city have been kept at a minimum for the past five years. Five years is the period on which fire records for cities are based.

Canyon has had less than a 24 percent loss ratio for the past five years, or it could not qualify for the 25 percent credit. Most of the cities of the state which have the top credit are small, and many are about the size of Canyon.

The rating which any city receives may vary from the 25 percent credit to a 15 percent penalty. The 15 percent penalty is in effect

only if a city has over a 75 percent loss ratio.

Answered 38 Alarms

Fire insurance credit is given only those cities with a fire department. Although Canyon's fire department is volunteer, it has an excellent record.

Last year the department answered 19 fire calls within the city, none of which resulted in any serious damage. The department also answered 19 fire calls outside the city limits.

The new full-time fireman for the department is Charley B. Foster, 33, former assistant fire chief for the City of Clinton, Okla.

Began Work Monday

Foster moved into the apartment over the fire station last weekend and began work Monday.

He was assistant fire chief at Clinton for over eight years. He attended the Oklahoma A&M Fire School at Stillwater and has completed numerous short courses on fire prevention and fire fighting. Foster also is a member of the Oklahoma Fireman's Association.

Ed Meyers Buried Here on Saturday

Funeral services for Edward Henry Meyers, who had lived in Canyon more than half a century, were held Saturday at 2 p.m. in LaGrone Funeral Chapel.

Meyers, 72, died Thursday at 8:05 a.m. in Neblett Hospital. His home was at 1610 Seventh Avenue in Canyon, and had lived here since 1907 after being born in Wheatland, Iowa, on October 22, 1887.

A member of the First Presbyterian Church of Canyon, Meyers married Edith Whiting at Kitchener, Ontario, Canada, on March 3, 1921.

He had been in the hatchery business here for 20 years. He rebuilt the water works of Canyon while serving under mayor T. C. Thompson and Claude Harrison.

Officiating at the services was Rev. Donald G. Price, pastor of the First Presbyterian Church.

Burial was in Dreamland Cemetery, under the direction of LaGrone Funeral Chapel.

Survivors include the wife, Edith of Canyon; two sons, Edward Peter of San Pedro, Calif., and Karl Frances of Moab, Utah; one brother, Otto F. Meyers of Childress; one sister, Mrs. Grace White of Amarillo, and eight grandchildren.

Funeral bearers were Fred Gerdson, Herbert Gerdson, Wilson Campbell, Jack Downing, Cecil Bosley, and Madison Daugherty.

WT Art Festival to Continue With Lecture, Panel, Play

Three events will be held in the next week in conjunction with the Festival of the Arts at West Texas State College, sponsored annually by the departments of music, art, and speech.

Events in the festival, which began with a banquet Friday in

the college cafeteria, include an art symposium, a lecture by the director of Amarillo Little Theatre, and a Branding Iron Theatre production of the great Greek tragedy, "Antigone."

Rowley Lecture

Oma Link Rowley, director of

the Amarillo Little Theatre, will be a guest speaker at 8 tomorrow night in the Fine Arts Theatre. Mrs. Rowley, who toured Europe last summer, will speak on "A West Texan in Europe."

A former member of the WT speech department faculty, she will discuss several European plays.

Art Symposium

An art symposium will be held Sunday at 4 p.m. in the Intimate Theatre of the Fine Arts Building.

Dr. Emilio Caballero, head of the art department, will be moderator.

Members of the symposium will be Dr. Capers Hatchett, Jr., of Amarillo; Clarke Garnsey, head of the art department at Amarillo College; Col. Sam Daykin, director of professional services at Amarillo Air Force Base; Dr. Joseph Findley, associate professor of education at WT; Burl Brim, assistant science director of the Amarillo Public Schools; and Dr. George de Schweinitz, professor of English at WT.

"Antigone" Opens Tuesday

Jean Anouilh's version of "Antigone" will open Tuesday in the Branding Iron Theatre in the Fine Arts Building for a five-day run. Marti Henson, Groom senior, will star in Anouilh's version of Sophocles' great drama.

Curtain time is 8:15 each night. Admission is \$1 for adults and 75 cents for high school students.

Others in the cast are Mark Olson of Canyon, son of Mr. and Mrs. Don Olson, who is cast as a page; Bonnie Scott of Amarillo as the nurse; Jan Adair of Canyon as Ismene; Jerry Ballew of Perryton as Haemon; Scott Glenn of Borger, Truman Dunahoo of Muleshoe, and Dwayne Smith of Pampa as guards; Gary Wyatt of Dimmitt as a messenger; and Tooke Scott of San Antonio as Eurydice.

William A. Moore, BIT director, will read the role of Chorus, which Anouilh blended into the role of a narrator. Robert L. Antrim, technical director, will portray Creon, king of Thebes.

Wayne Smith of Pampa, right, shovels dirt on one of the four trees planted last week at West Texas State College during Founders Day ceremonies. Watching are WT President James P. Cornette, Dr. J. A. Hill, president emeritus of WT, and J. Edd McLaughlin of Ralls, principal speaker at the ceremonies.

Athletic Banquet Scheduled Friday

Howard Lynch, former Amarillo High School coach now principal of Tascosa High School in Amarillo, will be main speaker Friday at the annual Canyon High School athletic banquet.

The banquet will be held in the elementary school cafeteria at 7:30 p.m. Tickets are on sale at the principal's office, or may be obtained from coaches James Kauffman and Bill West for \$1.50 each.

Highlight of the banquet will be the awards given the high school athletes. To be crowned are winners of the Fighting Heart award for football, the Outstanding Player award for basketball, football queen, basketball queen, and basketball king.

J. E. Miller, Canyon High School principal, will present the Fighting Heart Award, while Joe A. Gibson, superintendent, will present the Outstanding Player award.

Music for the banquet is being arranged by Gene Murray, choir director.

Dr. James P. Cornette, president of West Texas State College, will serve as toastmaster and will introduce the main speaker, Chuck Nester, high school senior, will give the invocation.

Edna Graham presents a check to William E. Conway of Happy, winner of the Edna Graham scholarship in mathematics at West Texas State College. The award for \$60 goes annually to the outstanding math student at the college. Miss Graham is a retired mathematics professor at WT.

The Growing Tax Problem

The cities of Texas have served notice on the state that they expect an adequate and equitable solution to the tax problems now facing the state and the cities.

Notice was served in a special report on the role of municipal government in Texas during the decade of the 1960's to Governor Price Daniel from the board of directors of the Texas Municipal League. The league represents over 90 percent of the cities in the state.

"Cities and city officials recognize that there is no easy answer (to the tax problem)," the report states. "But the lack of an immediately apparent answer in no way diminishes the fact that answers to local tax problems—especially for municipal government—are urgent, critical, and decisive for the future of Texas development."

For the past several years, the Texas Municipal League has groped for a solution to the problem, attempting to ease the burden now carried by property owners. Property owners—through the ad valorem tax—now finance 90 percent of the tax revenue of municipal government in Texas.

The league is not advocating abolition of the ad valorem tax, but is seeking other ways of tapping the tax potential of city residents who use the public services provided by the city.

"On a comparative basis," the report reads, "municipalities now spend nearly six times more than the state to provide Texans with police protection, and—in relation to the state—are solely responsible for local fire protection, sewage and sanitation, water supply systems, and other such services of critical importance to the families of the state."

Capital outlay to provide these services now exceeds \$200 million annually. And total municipal indebtedness is nearly equal to the total of the state, counties, school districts, and special districts combined. The same ratio prevails on annual borrowing and debt repayment.

"Under existing policies, these ratios will continue and will grow substantially larger for the municipalities during the

current decade," the report predicts.

And as the cities cope with the problems now facing them, more and more residents of the state are moving to the incorporated municipalities. The Texas Municipal League predicts that 80 percent of the population of the state will live in incorporated cities. In less than 15 years, nine of 10 Texans probably will be residents of the municipalities of the state, the league warns.

"Continued growth may be anticipated for all cities of all sizes. Spectacular rates of growth are likely to continue during the decade for municipalities in the path of metropolitan expansion. Also, it may be expected that entire new cities—not now on the map—will come into being during the decade," the report states.

Texas municipalities in 1957 were receiving a total of \$466.8 million and expending \$528.3 million. Yet Texas cities are more self-reliant than those of 45 other states.

Despite rapid urbanization, Texas municipalities raised 97 percent of local government financial requirements locally, receiving only slightly more than three percent of the total budgets in state assistance, according to the report. The national average for state assistance to local government is 16 percent.

Property owners in Canyon, as well as city officials, will testify that city taxes are about as high as they can be pegged. It is this way in almost every other Texas city.

And just as the City of Canyon is seeking ways of continuing and expanding services without overburdening property owners with taxes, so are other Texas cities.

The report sums up the problem when it says, "ways must be found to assure the ability of all levels of government fully adequate tax resources. This means that constructive, careful, and thorough attention must be given to actions which will assure both adequacy and equity of the tax base for municipal government and all of local government."

Election Legislation

Anyone wondering just what this country is coming to had better keep both eyes on the Forand Bill—a strictly election year type bill, designed to impress the over 10 million voters who are 65 or more this year and the millions approaching that age—a bill that is reminiscent of Britain's disastrous cradle-to-grave experiment in paternalism.

The bill is no idle threat. Committees have already held hearings on it and will consider it in executive session at an early date. While Chairman Wilbur D. Mills winces at the thought of increasing tax rates, no less than 10 of the 25 members of the Committee are on record as publicly favoring a scheme of this sort—only 13 votes are needed for the committee approval. Author Forand insists that his mail shows people want it and are willing to pay for it. Just possibly, those who took pen in hand will not have too long to wait (and pay) if the measure is passed.

What provisions of this bill will cost

taxpayers is beyond all comprehension. It could not only run into hundreds of millions, perhaps billions, but would swamp out medical and health facilities, even those who had been paying out of their own money for years in anticipation of such needs.

In saddling the nation with the first Federal health plan on the nation, the Forand Bill could well be expected to open floodgates to a tidal wave of legislation for more Federal health services—hospitals, clinics, medical research and medical practice—perhaps our pharmaceutical industry and even our corner drug store.

We'd better decide, and fast, whether we want to scrap a system that has served this country so well for so many years—one that has given us a longer life span, given each generation a better physique and better protection against a steadily diminishing list of health hazards.

—Ralls Banner

What Our Neighbors Say . . .

Scissor Snippings

Claude Wells in the Memphis Democrat: Socialist planners in Washington have been gradually taking away state control and replacing with federal controls. Our freedoms are again threatened in the form of federal aid to education. Should such a bill be passed in Congress and not be vetoed by the President, local schools would pass from the hands of local people whom we know and trust, and into federal control, should our schools accept federal aid.

Schools and teachers in Texas need more aid, and the greatest state in the nation—TEXAS—is plenty able to furnish the funds without asking a handout from Washington, especially when Washington would dictate the terms of acceptance.

The Dallas News says, "There is already a plan to force mixing of races in any school that accepts this money. There is a plan to force adoption of textbooks, which the Federal Government says adopt in any school that accepts this money. Do you want the control of your children's future in the hands of federal bureaus, many of them staffed with pro-Communist employees?"

Agriculture already is under the

control of Washington. Strict rules have been established and enforced as to how much and what farmers may plant and what price will be paid for such products. And in the health and welfare division, one may expect socialized medicine soon if not checked.

Gradually but surely the ropes are being tightened more and more about the freedoms, and in the end we will be under socialism. Are we going to take it lying down? Are we men or mice? If we do not want to be under federal controls in an educational way, let's storm our representatives with protesting letters and telegrams now before the education bill passes.

Marvin Tomme in the Ralls Banner: Noticed in the papers a few days ago about the Oklahoma coach that murdered his wife and then went on to coach his basketball team in a game that night. That's understandable. A coach is burdened with work, he has his classes as well as his team standing to think of and then if his wife is like most, he has her to listen to and try to answer at odd times like in the middle of figuring out a play for the team, or a question

for tomorrow's quiz. Or possibly in the middle of a good TV program, which coaches and newspaper editors are afforded very few moments to watching. This particular coach hit his wife with a ball bat and then stabbed her six times with a knife. All we can say is he musta' been upset at something.

Ben Ezzell in the Canadian Record: We've learned, from quite a few years of experience to expect almost anything from Panhandle weather . . . but last week's performance was the first "warm blizzard" we've ever encountered.

According to official readings, the thermometer did dip to 31 degrees on February 3 . . . for a very short time . . . and got as low as freezing for a short while on the 2nd. But most of the time while the snow was falling briskly, the mercury stayed well above freezing, and, during the middle of the storm, got as high as 49 degrees!

While school busses were being snowbound on the other side of the Panhandle, ours were being mired in the mud in the middle of a warm snowstorm.

Yep, there's absolutely nothing like Panhandle weather!

THE AMERICAN WAY

As He Sees It

I GIVE YOU TEXAS

Musician Heard All of McKinley Speeches, But Voted for Bryan

By BOYCE HOUSE

Can you remember when, to keep his straw hat from sailing away—they were called "sailors," by the way—a man had a little black cord, one end of which was attached to the hat and the other end was hitched in the button-hole of the coat lapel? That's one fashion that should never have been abandoned—as far as West Texas is concerned.

An interesting sidelight on the Bryan-McKinley campaign of 1896 is provided by Oscar Ameringer in his "If You Don't Weaken" (Henry Holt and Company). Ameringer lived in Canton, Ohio, which was the home of the Republican presidential nominee, McKinley. It will be recalled, conducted a "front porch" campaign while Bryan made the most extensive speaking tour the nation had ever seen.

Ameringer, as a member of the Grand Army Band, was on hand when the delegations arrived by train and the band would then lead the parade to McKinley's home. The young musician heard all but one of McKinley's speeches.

When Bryan was to speak in Canton, Ameringer went to hear him—but did not. The speech was made from the rear of the train. The crowd was so vast that Ameringer was unable to get close and, when Bryan began to speak, it seemed that every switch engine in the state was slamming and bumping more cars around than I ever dreamed could be assembled in Canton's modest switchyard. Odd, how they happened to be busy just then.

Mark Hanna, McKinley's campaign manager, had assessed banks, insurance companies, and big industries in general to raise an unprecedentedly huge campaign fund, a circumstance which might shed light on the reason for the noise during the speech.

After hearing all but one of McKinley's speeches and not hear-

ing Bryan at all, whom did Ameringer vote for? He voted for Bryan.

Why do people wait until the first norther hits before they take armloads of winter clothing to the cleaner's?

When I was editing a small West Texas daily, I wrote three true crime articles which magazines bought for a total of close to \$1,000. And yet you hear it said that "crime doesn't pay."

Bad Handwriting Can Cost Money

Failure to type or print your information on that federal income tax return for 1959 could cost you a lot of money.

This word came from Hubert B. Hamill of the Internal Revenue Service in Amarillo.

"Right here in this area hundreds of taxpayers had to be located last year so Uncle Sam could pay them refunds amounting to several thousand dollars. This business happens every year," Hamill says, "because people either don't write legibly, or they move to new addresses and neglect to leave forwarding addresses with their postmasters."

Hamill said that IRS is using more electronic devices than ever this year to speed work, but hurriedly scrawled numbers such as 1 and 7 and carelessly closed loops in letters e, l, and f, often short circuit the entire IRS production line.

"So type or print your return and notify your postmaster of your new address if you should move. These simple precautions will save everybody lots of time and money," Hamill said.

•Readers' Editorials

To the Editor:

The letter of J. Evetts Haley, Jr., which you printed last week, disturbed me because it attacked one of my very good friends, H. M. Baggarly, editor of the county paper at Tulia.

Certainly Mr. Haley has a right to disagree with Mr. Baggarly on any subject, but he should not go so far as to call him a "left wing-er." When I disagree with Mr. Baggarly (and, by the way, that is often), I at least stop to wonder which one of us is right because whatever he says is said in a straight-forward, non-fence straddling sort of way and with down-to-earth common sense. Usually he is right in the issue involved.

Mr. Baggarly is one of the outstanding W. T. exes, and assists in many ways with the ex-students' program. He is a well respected small-town newspaper editor who has won many honors (twice winning first place in national competition), and is an admirer of Canyon and often says a good word for her. Any criticism that he

may make of Canyon is meant to be helpful and not critical. Because of his great versatility, on numerous occasions Mr. Baggarly has given programs of various kinds in Canyon and usually, if not all the time, at no expense to our city.

This letter is not meant as a criticism of anyone or anything. It is meant only as a word of commendation for a very fine person, H. M. Baggarly.

Sincerely yours,
Tom W. Langston

Washington Report Rigged TV and Payola

By Representative Walter Rogers
18th Congressional District

The committee investigating the misuses and abuses of the air waves has been in session in recent days continuing the investigation on "payola."

"Payola" is a term which is somewhat difficult to define. It came into use as a reference to the practice of slipping money to a radio or TV announcer or star in exchange for that personality mentioning your product or name on the air in a program which was being sponsored or paid for by someone else, or to influence a person to push or give a preferential position to certain products as opposed to other like products.

For instance, one record company would pay a disc jockey side money in order to influence that disc jockey in playing the records and music produced by the particular record company willing to pay these sums.

Unfair Competition

This created a situation of unfair competition, as well as being a questionable practice under the terms of the Communications Act. The Communications Act requires, in effect, that parties paying fees to radio stations for the use of the air waves be identified. Since the air waves are public property, it should be difficult to say that commercial bribery, unfair practices, misuses and abuses of the air waves would not be immoral, if not illegal. This was pointed out by President Eisenhower in his recent news conference in which he stated in effect that it definitely involved the morality of the parties involved.

Nevertheless, there is a divergence of opinion as to whether or not payola as such is a practice which should be condemned. Some say it is a general practice in all businesses and therefore should be allowed in radio and TV. Others say it involves only a few dollars, therefore it shouldn't matter. Others

claim that the monies received were consultation fees, although they are unable to explain why these consultation fees stopped when the disc jockey lost his job at the radio station. Others claim the payments were merely friendship payments intended to influence the disc jockey but that the disc jockey was not influenced.

Why Hide Activity?

In other words, this group is claiming the money was tainted with a questionable purpose and that they were willing to accept the tainted money, even though they did not carry out the purpose for which it was given. However, the hollowness of these positions is reflected by the fact that in almost every case attempts were made to hide the practice. If it was not wrong, as is argued by some people, why did the participants try to hide their activities?

Turning to the TV rigged quiz show hearings, the committee has recently submitted a report containing a number of recommendations. One of these recommendations suggests legislation to put radio and TV networks under licensing procedures of the Federal Communications Commission. I voted against this recommendation in committee, but my views were overruled by a majority of the members of the committee. Under the circumstances, I signed the report but reserved the right to contest legislation carrying out such a recommendation.

My thought on the subject is prompted by my desire to prevent further government regimentation of business as much as possible. There is no question but that the networks engaged in practices which were deceitful and fraudulent, whether the actual facts were known to the network executives or not. Action certainly is in order to prevent repetition of such

Bill Money, Randall County tax assessor-collector, displays the new 1960 license tags which went on sale here February 1. The registration tags remain on sale until April 1. The licenses have white letters on a black background, the reverse of last year's coloring. Numbers for Canyon are BE 10 through BE 2124 and BD 1125 through BD 1724. Amarillo numbers are BD 1725 through BD 9999.

No Stopping Point

However, it is my feeling that proper safeguards can be provided without subjecting another segment of American business to the whims of bureaucratic action. Once the federal government moves out of the field of policing directly the air waves and moves into the field of regulating associated businesses, there will be no stopping point.

If business generally associated with the use of the air waves engages in illegal practices, they should be properly punished. However, it is not my feeling that the power of exacting the death penalty should be placed in the hands of a politically appointed bureau. I shall treat this subject further when legislation is proposed.

The Weather

I was advised by a taxi driver the other day there would be no more cold weather because the worms had begun to build dirt mounds. Either he or the worms had the wrong word, because the temperature that night dropped to 30 degrees.

This and Inflation Too

I arrived home the other evening to find two of the boys in the kitchen just polishing off some hot tamales. I said, "Is that what we are having for supper?" They said, "No, we just ate a dozen hot tamales to hold us over." I said, "You mean you ate a dozen hot

tamales?" The reply: "A dozen apiece." Needless to say, it properly whetted their appetites for supper, which followed 30 minutes later.

ON THE MARCH

It's all right to dream, but the man who succeeds stays awake and accomplishes something.

A pessimist is just a sentimental optimist who expected too much.

Sleep is a solemn stranger who lives in the house with us.

We rarely think of him at all. When we do, it's as a kind of second-table guest, who gets the crumbs of the day. We just figure that when the clock strikes 11, or 12, maybe 1 . . . or we have finished our duties and turned off the light . . . Sleep will be there waiting.

But this creature of whims is sometimes contrary. For instance, he hates coffee, and may hide for hours on the nights we imbibe too much. Then the next day he hovers over us, dusting drowsiness in our eyes when we must be about our chores!

We aren't exactly unfriendly to this fellow. We appreciate his value, and hope he sticks around. But we recognize him as a sort of character — a troublesome figure who must be reckoned with day after day.

An article in a recent magazine takes the whole subject of Man versus Sleep and puts it on a scientific plane. Sleep, it says, is essential to health: "The brain desperately requires regular, plentiful sleep." "Sleep is man's way of recharging his batteries for tomorrow's work and play."

It goes further: "If we are not fully awake, we are not in our right minds . . . Our perceptions fuzzy . . . Our sense of timing is off."

In other words, Quit kidding yourself, Everybody. If you have a nervous breakdown, you asked for it. If you fuss at your spouse, kick the dog, yell at Junior, your brain can't help it. Make up with the solemn stranger . . . you gotta have sleep! G-o-o-d Night!

"My ELECTRIC clothes dryer erased all my doubts!"

says Mrs. John Krimm, 1002 Fannin, Amarillo, Texas

"Sure, I had doubts before I got my electric clothes dryer. I wasn't really sure that the dryer would keep my white clothes really white—that they might be 'grayed', after drying. There are no doubts in my mind now, after using my dryer week in and week out — clothes stay white after electric clothes drying — thanks to gentle, safe electric heat that dries clothes perfectly."

You can have your white clothes stay white, too. Get an electric clothes dryer now while your dealer is giving free wiring and guaranteed satisfaction.

CONTEST WINNER SAYS

More Trust Likely From Parents
When Course in Driving Taken

(Bill Ham's essay on "Does Driver Education Make Better Drivers" won first place in the junior division of a contest sponsored by the Junior Woman's Book Club of Canyon. An essay by Deanna Stocker, printed last week, won first in the senior division. Ed.)

By BILL HAM

Driver's education improves in most cases; but in other cases it doesn't improve the individual's driving habits.

The course in driver's education will teach the student many things to improve his knowledge of the rules of safe driving. Many kids get their driver's license as soon as they are of age without having any driving experience. A course in driver's education gives you experience as well as knowledge and training.

Many parents will not trust their sons or daughters to take the car out some night. If you take a course in driver's education your parents will probably realize the fact that you have accepted the responsibilities of a good driver and they will put more trust in you.

The course teaches you the preceding examples as well as reducing your insurance rate.

Some people will plan to take the course just to receive driver's license early. They will not pay attention during class and do just

enough work to pass the course. They do not usually make very good drivers.

Many beginning drivers will set their driving habits on an older person whom they admire very much. Following the example of a reckless driver, they too will be reckless drivers in the future.

A driver's education not only teaches a beginner to drive a car but also teaches a driver responsibility and duties he should know. The course also teaches him to maintain his car properly and regularly.

Canyon HD Meets
With Mrs. Edwards

The Canyon Home Demonstration Club met February 19 in the home of Mrs. J. A. Edwards with 14 members and one guest present.

Mrs. Karl Williams gave a demonstration on making batter rolls. Mrs. Bill Wilson displayed some pictures that she had made using flowers and fruits.

Refreshments were served to Mrs. Jack Barnard, Mrs. L. K. Bolton, Mrs. Harry Brown, Mrs. Dean Cook, Mrs. Lawrence Hunnicutt, Mrs. J. C. McClendon, Mrs. Luke Miller, Mrs. D. S. Owens, Mrs. Crawford Ruthart, Mrs. Marion Williams, Mrs. Harold Woolsey, Mrs. Karl Williams, Mrs. Bill Wilson, John Brazzil, and the hostess.

Beauty of Flowering Shrubs
Makes Efforts Worthwhile

(This is the second and last of a series of articles on flowering shrubs which are of particular interest to gardeners in this area. The text is taken from a talk on shrubs given by Mrs. Frank Morgan to the Canyon Garden Club.)

By MRS. FRANK MORGAN

Cultivating flowering shrubs for this area may take quite a bit of energy, but when the beauty of these shrubs blossoms forth it is well worth that effort.

One shrub which certainly is worth the effort is the pyracantha or firethorn. Both names refer to the shrub's bright fruit and protective spines. The clusters of berries, following the trusses of small white flowers, vary in color and form.

Since their vitality depends upon good soil and proper placing, it is important that the soil be well prepared before plants are set. Pyracantha does best in full sun.

Little Pruning Needed

This shrub needs very little pruning. If your shrub grows poorly, cut back to one-half or more and spread copper sulphate dissolved in water over a radius

of four feet around the plant and fertilize with barnyard manure or its equivalent in commercial fertilizer.

From Europe comes the fragrant mock orange. Botanists named these plants Philadelphus because Egypt's King Ptolemy Philadelphus admired them some 2,000 years ago.

There are now several types as to flower and shape of bush to select from and by planting several one may enjoy their beauty for several weeks.

Don't Overlook Snowball

In your planning do not overlook the snowball. This shrub is tall and spectacular when blooming. The clusters of small flowers look much like a snowball in the spring, and has bright red berries and colorful foliage in the fall.

Have you tried weigela? They are a lovely upright shrub with trumpet-shaped flowers and beautiful green foliage on graceful branches. They are not too particular about soil and will grow in full sun or part shade. They may be in several colors.

Althea or rose of Sharon blooms from mid-season until frost when most other shrubs are through blooming. They are excellent in the border or as a specimen plant. They come single or double and in several beautiful colors.

Old-Reliable Lilacs

When you think of lilacs, don't you think of flowers you want to bury your face in—so cool, so smooth? Don't you think of little puffs of perfume? Or maybe you think of large flower-studded bushes at the old home place.

Imported lilacs had been a favorite shrub in colonial gardens for

a hundred years when Washington planted them on his Mt. Vernon estate. About the same time the governor of New Hampshire brought lilacs from England for his garden. It is reported that today these same shrubs still burst into flower each spring, lilacs are New Hampshire's state flower.

Modern hybrid lilacs have kept all the old-time charm. But they offer you more—bigger, brighter flowers that give you wide variety—and will start blooming earlier.

A Permanent Shrub

Lilacs grow easily wherever they get hot sunny summers spaced by at least short periods of cold. Once started, they live on and on, as permanent as any shrub you can plant. They start to show green with the first breath of returning spring and retain their clean, bright green look until nipped by winter.

Space lilacs to be grown as specimens eight feet apart, center to center, or closer if making a hedge. Dig wide and generous holes. Spread existing roots as widely as possible. Use top soil with peat moss, leaf mold (or well-rotted manure) to cover the roots. Flood with water while you jostle the bush gently. Fill to bed level and mulch with peat, leaves or grass clippings.

Little Care Needed

Good care for lilacs usually calls for little care beyond feeding, watering, and prevention of injuries. Feeding is important, especially the timing. Lilacs do many things at once. Bloom buds for next year are initiated during and just following this year's blooming. So feed in June or July. Be sure that your lilacs have plenty of water

just before they are due to bloom. To assure strong growth and plump flowering buds for next year, snip all withered flowerheads from lilac bushes. This will prevent seed pods from developing. Be careful not to cut back beyond the first joint bearing leafy twigs.

Except for scale, lilacs have few pests. To be safe, look bushes over for signs of scale several times each season. If present, paint scaly stems with an oil spray.

Sudden wilting of top foliage is often due to funneling of stem borers. Look for holes and sawdust. Remove badly damaged parts and spray the entire bush with DDT.

Can't Deny Rating

The red crepe myrtle is considered the south's most beautiful shrub. Covered with clusters of red crepe-like blooms in summer, this rating cannot be denied.

The tops often winter-kill here but if protected it will live and

bloom on new wood. The first season a new plant may not show any life for several months. But do not be too hasty in digging out the shrub—for usually when one decides there is no life in the plant, a shoot appears.

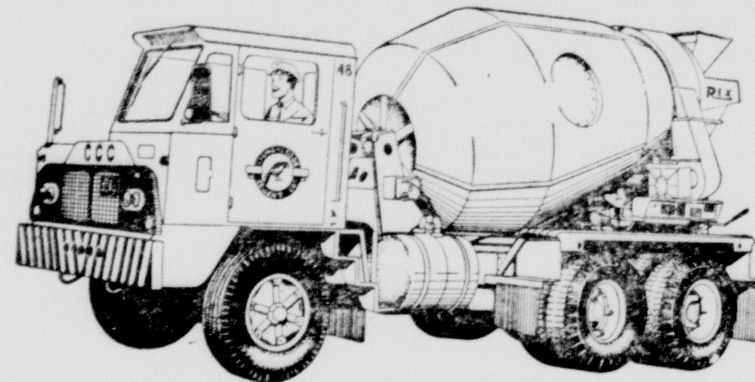

Give winter protection to this fine shrub in one of these two ways:

1. If freezing weather is due and you still haven't put this beauty to bed, rush out and mound up dirt around it before the freeze comes.

2. If you want to save the shrub and have more blooms, start earlier and bank shrub with hay-mixed fertilizer and leaves one or two feet deep and hold in place by stakes or burlap.

Thus protected and fed, they are doubly beautiful at flowering time.

Remember that shrubs do not grow by magic. Plant carefully and give them loving care throughout the year.

Esso Extra gasoline

Yes! Famous Esso Extra, No. 1 "premium" gasoline in Texas, has been improved.

Substantially improved. No other gasoline in its price range exceeds new Esso Extra's over-all quality. No other will give your car better performance.

Octane rating reaches a new high. Mileage is better—you get all the mile-

age your car can deliver. And a chemical additive, perfected at Humble Research Center, conditions your engine so that performance improves mile after mile.

Esso Extra, at intermediate price, is the perfect gasoline for hundreds of thousands of Texas automobiles. Try it in yours.

Pat's Party Honors Coach Davis

Patter

Deanna Stocker received first prize of \$5 in the essay contest sponsored by the Junior Woman's Book Club. The title of the theme was "Does Driver Education Make Better Drivers?" Bill Ham from Canyon Junior High also won \$5 in the contest.

The Band Parents Association of the Canyon High School Band voted to sponsor the John Phillip Sousa award for outstanding musicianship. The award will be presented to a member of the band next year.

Congratulations, Phillip Waters and Sandra Barger, for being crowned Band King and Queen for 1960.

We hate to say it, but it is goodbye to another member of the CHS faculty. Best wishes are extended to Mr. Bill Davis who is leaving to assume the duties of Athletic Director at Lamesa High School.

Teachers gathered in the Home-making Department before school Thursday morning to present him with a sport shirt and to wish him success in his new job.

Coffee and cinnamon loaf were provided by the girls in that department.

Mrs. Dan Sanders and Mrs. Marion Forbau should have been included in the casting committee for the junior play. These two were omitted in the last edition of The Eagle's Tale when the cast was announced.

Lou and Lena Johnson, junior and sophomore respectively, from Martha, Oklahoma, have enrolled here.

Mrs. Jo Ann Truett, former secretary to Mr. Miller, visited CHS, along with her husband and daughter on their way to Clarendon. She and her daughter will remain in the States while her husband serves a 13 month tour of duty in Korea. They have been living in Monterey, California.

To avoid criticism . . . Do nothing . . . Say nothing . . . Be nothing.

Better Not At All by Joy Harter

I've been instructed to write an essay in three hundred words or less. It's to be about Driver's Training. Which is something I know best.

I think we all know about how terrible an accident can be.

We've seen the blaring headlines. And we've read the heart-breaking story.

We shake our heads and say, "How awful."

And sometimes we meditate. But no one thinks it ever could happen to him.

Until it is too late.

Now you and I aren't old-fashioned. We live in the Twentieth Century. It seems we'd have thought of some solution.

To prevent future catastrophe. This is where we, the youth, come in.

Our future, you know, lies with us. If we are educated right, We can eliminate tomorrow's fuss.

Now there are many ways to teach the child.

What is wrong and what is good. The problem is when to teach him so that it is understood.

There are many ways of teaching. Some quite good it is said. But the way I think teaches best is through Driver's Ed.

You are taught 'most everything as long as it's between "A" and "Z."

But the best part of it is You will a better driver be.

You are taught how to park And how to change a tire. Where to find the carburetor And how often your license will expire.

You learn how really important it is.

To have the best vision possible. And that the lack of this Sends thousands to the hospital.

You're taught which way to turn the wheel.

While you're on an icy road. And many, many more things Which I'll have to leave untold.

But when a person tells you That he thinks crazy driving's a ball.

You just politely inform him That no accident is good Unless it hasn't happened at all.

Golden Rule for Assembly

The Golden Rule has been accepted as the theme for Canyon High assemblies. It is hoped that each student will try to abide by the Golden Rule in all actions.

Homemaking Girls, Industrial Arts Boys Exchange Classes

Did you see boys running around the foods lab of the homemaking department and girls seriously bending over drawing tables in industrial arts? No, you weren't imagining things or seeing strange sights. The fifth period Homemaking III girls and the fifth period industrial arts boys exchanged classes for 13 school days.

The boys saw many films on good manners and food nutrition. Not to be outdone by the girls, they actually tried their hands at cooking pies and making ice cream. Mrs. Cecil Simms' class was allowed to finish the "left-overs" of ice cream with strawberry topping, compliments of the boys.

"Many of the boys showed decided aptitude for cooking, and I enjoyed having them in my class," Mrs. Clara B. Long, homemaking instructor, stated.

Participating in the homemaking class were Ted Abbott, Ronald Bourland, Louis Camp, Glenn Devlin, Robert Dowse, Garry Foster, Ronnie Hughes, Orville Ladehoff, Neal Lemons, Howard Lisle, Tony Marsalis, Billy Martin, Mark Mickey, Howard Mundy, and George Prichard.

In the industrial department, under the instruction of Mr. S. P. Burgess, the girls learned to draw a house plan by using a scale and a "T-square." Last Wednesday they took a field trip to the college to view the industrial arts department there.

The girls taking this course were Sandra Barger, Sue Cheatham, Nancy Cleavinger, Pat Cogswell, Polly Cummins, Marita Gill, Peggy Sue Hales, Mary Lee Hartman, Mary McKay, Karen Mickey, Lavonne Patterson, Virginia Ransom, and Kathryn Winstead.

Bands Present Concert in Gym

The sixth grade band, seventh and eighth grade band and the Canyon High School band presented their first concert of the season Tuesday night, February 16, in the high school gymnasium.

The high school band, under the direction of Mr. Herman Demus, presented "The March of the Herald," "Ode," "Moonrise," "Carmelita," "Marche Lorraine" and selections from "Damn Yankees." Mr. Gene Murray, assistant, conducted "Sequoia."

The coronation of Band King and Queen, Phillip Waters and Sandra Barger, followed the concert. Charles Wagner, band president, officiated.

Garry Foster, 1959 Band King, introduced the other candidates, Linda Green, Sally White, Howard Mundy, and Ronnie Hughes. Sandra was presented a dozen red roses while the band played the alma mater.

Selections presented by the seventh and eighth grade band were "On the Street," "Little Irish Suite" and "Goliwog Meets Mr. Bones."

The sixth grade band played "Aura Lee," "Italian Barcarole" and "Swing Song." Mr. Demus directed these bands.

FTA Schedules Many Events

The regular meeting of the Future Teachers of America that was scheduled for February 15 was cancelled because the speaker, Don Gill, was ill. Even though this meeting was called off, the FTA's had many other events scheduled.

Mr. Gill is president of the West Texas State College Student Education Association, and he is also president of the state group. The state delegates to the state FTA meeting in Denton from Canyon left Friday morning and returned Sunday morning. The delegates, Marla Free, Linda Green, and John Wear, were chosen from eight students who applied for the delegateship. These students cast votes among themselves to determine who would attend the meeting.

Club members were also guests of the West Texas SEA where they heard speeches by the Mr. and Miss SEA contestants.

The members are invited to a light breakfast in the Tascosa High School cafeteria on February 27. This is sponsored by the Delta Kappa Gamma Society. Mrs. E. D. McKay will be guest speaker at the breakfast.

Juniors Discuss Senior Pictures

The junior class met February 10 to discuss with Mr. Battle Harris of Martin's Studio, Enid, Okla., the importance of making senior pictures as pretty or handsome as the individual.

Mr. Harris showed six sets of pictures that were available. Prices ranged from \$12.95 to \$29.95 for different sets. He stated that his studio serves over 104 schools in this territory. Among these are Canyon, Happy, Tulia, Olton, Idalou, and McLean.

Mr. Harris felt that senior pictures should be the best possible and that a more attractive effect can be achieved by retouching. The student should be relaxed, present his best self, cooperate with the photographer and should have complete confidence in the photographer.

After his introduction by Phillip Waters, Mr. Harris showed several examples of extreme retouching and coloring. After Mr. Harris had shown the pictures, he explained that the studio specializes only in senior pictures, and that Canyon High School has agreed with the plan for five or six years.

The class looked at the pictures and voted acceptance of the plan. Pictures will be taken next year and a \$5 deposit will be required. Colored pictures will cost \$3 more.

'Dog Patch' People Seen Friday Night

Senior ingenuity was demonstrated Friday night at a Li'l Abner and Daisy Mae party at 7:30 in the high school cafeteria. Students were dressed as Daisy Mae, Li'l Abner and other characters in the comic strip.

Chuck Nester headed the costume committee. A prize was given for the most interesting costume.

Marla Free and her committee planned refreshments of ham sandwiches, apple cider and oatmeal cookies. The senior room parents prepared and served the refreshments.

Judy Taylor headed the entertainment committee. Dancing and games were divided into 30 minute periods.

Mr. Ed Dwyer and Mrs. Cecil Simms, sponsors, were in attendance.

Language Club Sees Film

The Language Club viewed a film at its last meeting, which was most informative to the members.

Ocean Surf and Palm Trees Mark Annual FHA Banquet

With silhouettes of dancing Hawaiian girls and a large yellow moon glowing through palm leaves the Future Homemakers of America entertained their guests amid pictured ocean surf and leis at the annual FHA banquet February 13.

Highlight of the occasion was the crowning of Prince Charming, Girl of the Year, Posture Queen, and Charm Queen. All candidates for each division were called forward and the chosen one was crowned. Marion Henson crowned the finalists.

Candidates for Prince Charming were Garry Foster, Jerry Richardson, and Howard Lisle. Garry Foster was chosen as Prince Charming.

The three girls running for Posture Queen were Lynne Larson, Gail Moore, and Joy Harter. Gail Moore was crowned. The FHA Girl of the Year was Norma Henderson, with Peggy Sue Hales and Judy Bourland the other candidates. Charm queen title was taken by Nancy Cleavinger, with Marilyn Winn and Carolyn Cooke runners-up.

Guest speaker was Mr. Art Brewer, director of the Baptist Student Center. Mr. Brewer spoke on the three floors of different lives a person can have. The first floor is like the "law of the jungle;" the stronger overtakes the weaker and the swiftest win the race as outlined by Mr. Brewer.

When he described the second floor, he stated that it is governed by the law of "live and let live." Then one must climb the steps to

Basketball Season Closes for Year

The Eagles, coached by Bill West, posted 11 wins and 13 losses this year.

The Eagles averaged 54 points a game. Jerry Richardson led in the scoring column with 339 points for the season. Trailing him was Frank Davis with 293 points.

The girls' team ended its season with a 9-3 record on the winning side. The Eaglettes were paced by Marilyn Winn and Patricia Salmon. Miss Winn averaged 22 points a game, netting 375 of the team's 833 points.

The Eaglettes averaged 49 points a game against an average of 52 for their opponents.

Pictured after receiving their crowns at the FHA banquet are Norma Henderson, FHA Girl of the Year; Nancy Cleavinger, Charm Queen; and Gail Moore, Posture Queen.

Junior Play Set For March 7-8

"Anyone interested in a short course in psychology is advised to see the junior play, 'The Little Dog Laughed,' stated Mrs. Lee Foster, director.

The play is scheduled to be presented March 7 and 8. Tickets will be 50 cents for students and 75 cents for adults.

The setting will be unique, allowing the audience to visualize both inside and outside the Huntington residence by way of a front porch with a "real" front door on the south side of the stage.

Mrs. Foster and Mrs. Dan Sanders, sponsor, said the play cast is laboring hard and is very cooperative.

Proceeds of the play will be used to help finance the Junior-Senior Banquet.

Publicity, ticket, and make-up committees are still in the process of being chosen.

Athletic Banquet Set for Friday

The annual Canyon High School Athletic Banquet will be held Friday at 7:30 p. m. in the Canyon Elementary School.

The program will include a main address by Mr. Howard Lynch, former Amarillo High School coach and now Tascosa High School principal.

Crowning of the football queen and basketball king and queen will also be part of the program. The Fighting Heart Award and Outstanding Player Award will also be presented.

Mr. Gene Murray is in charge of music, and Mrs. Clara B. Long is in charge of the menu and the serving of the meal.

Tickets are \$1.50 and may be purchased through today. Anyone who wishes to attend is welcome.

Installation of New Members Of NHS Held During Assembly

Installation service for the newly elected National Honor Society members was conducted by the society officers and its sponsor, Miss Claudia Neelley, during the assembly recently.

A program was given by society members before the installation to acquaint students with its aims and purposes. The torch, symbol of the society, was presented by Bill Cornette. Linda Green acted as "character," which is composed of the finest spiritual and moral characteristics.

"Scholarship" was portrayed by Robert Blythe. He stated that scholarship is the road map and vehicle to the place in life that you want to attain. Chuck Nester represented "leadership," which is the power of personality to guide others into action. Judy Taylor portrayed "service," which is that quality of greatness one practices when he sees need. He not only practices service to friends but in his home, school, and community also.

The roll was called by Wilma Burkett, secretary, and when the new members came onto the stage, the keys were placed around their necks by Mary Bess Brillhart, president. Mr. J. E. Miller, principal, presented each member with a membership card.

The following students are new members: Mary Barger, Sandra Barger, Jacquita Barnard, Bill Callarman, Gary Carver, Elizabeth Coke, Peggy Sue Hales, Dorothy Higdon, Billy Miller, Patricia Sal-

Garry Foster Chosen as VIP

This week's VIP is Garry Foster, crowned Prince Charming at the annual FHA banquet February 13.

Garry is a music lover and a member of two rock 'n' roll bands, "The Spiders" led by Eugene Brown and the "Sons of Fire" composed of fellow students. He plays bass in each.

According to Garry, Miss Lynne Larson is his favorite person. He adds that a Ford is his favorite car and brown his color.

Honors received by Garry have been band king, vice president of the band, Prince Charming, and his role in the senior play.

Well known and loved by his classmates, Garry is a handsome, dark haired senior. He is 17 and after graduation plans to attend at least two years at West Texas State College before going away to school.

New Member Added To CHS Faculty

Mrs. John Davis has been added to the high school faculty. She has Miss Alice Brotherton's American History class and her study hall. Mrs. Davis will also teach a remedial class in mathematics.

Miss Brotherton is teaching the two chemistry classes previously taught by Coach Bill Davis.

INBORN WEAKNESS

Most people have good intentions but self-interest often takes over while the rights of others are side-tracked or forgotten.

Public School Week Slated

School parents and patrons are invited to visit school during Texas Public Schools Week, February 28-March 4. This invitation is extended by all school personnel and students.

Slogan for this week is "Texas Public Schools—Democracy in Action."

Members of the D. A. Shirley Future Teachers of America Club will speak to the Lions and Kiwanis clubs on subjects concerning Texas schools. During this week they will also give brief talks over the public address system each morning at school.

This week has been designated as Texas Public Schools Week by proclamation of Gov. Price Daniel and concurrence of the Senate, the House of Representatives, the State Board of Education, and J. W. Edgar, commissioner of education.

Posters placed in the business district will serve to remind patrons to visit schools.

Deadline Comes On Annual Staff

The annual staff is trying to meet a deadline of March 5 so that the annual will be returned complete about the first of May.

Pictures yet to be taken are those of the Personality King and Queen, the highest ranking students, Basketball King and Queen, Football Queen, Charm Queen, Posture Queen, Prince Charming, Junior Who's Who, award winners, NHS, Choir Club, football, basketball, track, and tennis teams, and the junior play cast.

The pictures of Smile King and Queen will not be in this year's annual because of the deadline. Smile Week will not be until the middle of March.

CHS Custodians Are 'All-Around Men'

"You can go from Plainview to Amarillo," says Mr. Carl Smith, one of CHS's "all-around men," after sweeping approximately 900 feet of floors per day.

The other two "all-around men" are Mr. John R. Johnson and Mr. F. V. Thurman. These men are the custodians of CHS. You cannot pin one and only one descriptive title on them, however, for they are electricians, piano and bleacher movers, moppers and sweepers, carpenters, garbage and trash disposers and general repairmen.

In the course of one day they may clean approximately 94 steps in the stairways, 900 feet of halls, 21 rooms, two gyms, several offices, cafeteria, and six rest rooms.

These custodians arrive in the morning to begin work from 4:30 or 5 to 7 o'clock. They leave work at 5 p. m. One, if not several, are always here for club meetings or practices at night.

These three men are perhaps the greatest at "unsticking" chewing gum. Know why?

Why do you think so much needs to be done, and is there a way you can help?

Scout Fund Drive Slated March 8

A one-day drive to raise funds to support scouting in Canyon will be held March 8, it was announced this week by Joe A. Gibson, campaign chairman.

"Majors" for the drive are Mrs. A. L. Crossland, W. B. Harris, and Milton Morris. These will recruit five "captains" each and meet at the high school cafeteria at 9 a.m. Saturday to plan campaign strategy.

The "captains" will recruit five workers each. The group will meet for a kickoff breakfast March 8 at 7 a.m. in the West Texas State College cafeteria.

Goal of the campaign, according to Gibson, is to get 15 percent of the population of Canyon to invest in scouting.

At the present time, there are 230 boys registered in the Boy Scout movement here. There are two Boy Scout troops, two Cub Scout packs, and one Explorer Scout post located in Canyon.

Sandra Michael Is Sorority Officer

Sandra Michael, daughter of Mr. and Mrs. E. A. Michael, was elected secretary of the Zeta Tau Alpha Sorority recently.

Other officers are Charlotte Mears of Dimmitt, pres., Ruth Tilligim of Wheeler, Vice pres., Joe Ann Loftis of Tulia, corresponding sec., Tinkey McKenzie of Levelland, treas., Chris McFarland of Dumas, ritual chairman, Carol Ann Griffiths of Lubbock, historian-reporter, Diana Fowler of Lakeview, membership chairman, and Delores Bohannon of Childress, Pan-Hellenic representative.

Out-of-Towners Attend Funeral For McMurray

Those from out-of-town attending the J. H. McMurray funeral here last week included Mr. and Mrs. John Stapleton and daughter, Mr. and Mrs. Roy Patton, Mrs. W. H. McClung, Miss Mary Pearl Coward, Wiley Rogers, Mr. and Mrs. Meeley Richardson, Mr. and Mrs. Frank Dunn, Mrs. Bonnie Cage, and Rev. V. W. Allen, all of Floydada.

Also attending were Mr. and Mrs. Dennis Taylor of Crosbyton, Mrs. H. A. Shipley, Sr., Mr. and Mrs. Mark Taylor, and Mr. and Mrs. N. B. Nichols, all of Borger.

From Amarillo came Mrs. Katherine Jones, Miss Sandra Sims, Mr. and Mrs. J. Lee Allen, Mr. and Mrs. Mark Taylor, and Mr. and Mrs. Ed Cranmer.

Also Mr. and Mrs. A. B. Gray and Lawrence Gray, all of Bovina, Mr. and Mrs. Harold McMurray of Houston, and Lee McMurray, Mr. and Mrs. J. O. McMurray, and Joe McMurray, all of Abilene.

Also attending were Mr. and Mrs. D. L. Wolford of Midland, Col. Paul H. McMurray of Washington, D. C., Don McMurray of Lubbock, Homer McMurray of Bethesda, Maryland, and Mr. and Mrs. C. L. McMurray and son, Pat, of Tucumcari, N. M.

From Plainview came Mr. and Mrs. Vernon Foster and children, Clyde Vernon, Leona Mae, and Jo Linda.

LACK SINCERITY

Some people can talk more religion in a few minutes than they practice in a lifetime.

OUT OF REACH

The fellow who is really worth buying seldom finds a taker who can pay the asking price.

Election Judges Named by Court

Randall County Commissioners Court Monday appointed election judges for the county's 18 election precincts and accepted bids on 5.1 miles of road.

Appointed as judges for precincts, which were expanded following realignment of commissioners precincts last year, are Herschel Coffee, 1; Edgar Robinson, 2; R. B. Gist, Jr., 3; E. W. Schaeffer, 4; J. I. Fletcher, 5; George L. Grogan, 6; T. C. Jones, 7.

W. P. Janssen, 8; Mildred C. Miner, 9; Mrs. Annie Mae Miller, 10; Robert Poole, 11; W. Perry Powell, 12; A. L. Crossland, 13; A. Charles Wilson, 14; Lindy Ward, 15; H. W. Burrus, 16; Luther Haggard, 17; and Frank Begert, 18.

Commissioners accepted the bid of Ivan Dement for \$27,824.75 for 5.1 miles of paving in precinct 2. Other bids were Cooper and Woodruff, \$29,498.99; Gilvin-Terrill, \$29,998.60; and Ray Boswell, \$31,895.40.

MADISON DAUGHTERY

"CORVAIR HANDLES BETTER, STEERS MORE EASILY, RESPONDS MUCH MORE QUICKLY AND HOLDS THE ROAD MORE SECURELY THAN ANY STOCK FOUR-DOOR SEDAN EVER MADE IN THE U.S."

—Jim Whipple, Car Life

If you think we're enthusiastic about Corvair, leaf through the leading automotive, sports and science magazines and see what the experts are saying. Then, by all means, drive one yourself.

"Corvair's steering is so light that at parking speeds it feels power assisted; it is so precise as to be absolutely without play, and it is fast enough to allow complete control over every situation."
—Karl Ludvigsen, Sports Cars Illustrated

"Steers like a feather and is extremely quick. . . This is a beautifully designed automobile, engineered by real pros."
—Tom McCall, Mechanix Illustrated

"Most surprising thing to me outside of the excellent handling characteristics was the feeling of roominess inside. . . I didn't have the sensation of driving a small car and the headroom was greater

in the Corvair than in some standard size cars. . ."
—L. H. Houck, Automotive News

"So far as shopping goes, the Corvair is a housewife's dream. It's small and easily maneuvered without any power steering, and so easily parked. . . it's a lot easier to unload a cart full of groceries into a front trunk at the supermarket than it is into a rear one."
—Rosemary Francis, Popular Science

"I want to state as firmly as I can that the Corvair handles as beautifully and is as safe as—if not safer than—any family car on the road today."
—Jim Whipple, Car Life

"There is none of the typical whine normally associated with rear-engined vehicles. Inside the car, the effect is quite unlike anything we have ever experienced. It almost seems that there is no engine, and the general effect is so quiet as to be almost uncanny."
—John R. Bond, Road & Track

"No written word can suffice for the genuine pleasure that you will receive behind the wheel of America's newest and most advanced contribution to transportation. . . It is a great car."
—Don Stewart, Motor Life

Wayside News

By INA KENNEDY

There were 53 for Sunday School Sunday morning. Rev. Rolland Moore delivered the message. A

group of the young people from the First Methodist Church in Tulia came out Sunday night and presented a program for the youth of our church and was enjoyed by all.

Aunt Serena Bryan, long-time resident of the Wayside area, was a patient of the Neblett Hospital last week. She returned home Saturday much improved. We wish her a speedy recovery.

Buddie Tuggle was in Tulia Tuesday night seeing the basketball game between Tulia and Dimmitt.

Mr. and Mrs. Floyd Adams were Canyon visitors Sunday afternoon.

Mrs. Charles Kennedy and Mrs. Ira Schrib were in Tulia Tuesday on business.

Mrs. Langham of McLean spent last week in the home of her son and family, the J. E. Langhams.

Jerry Moore and Patsy Schrib of WT spent the weekend in the home of Patsy's parents, Mr. and Mrs. Ira Schrib, Nancy and Jim.

Several from the community attended the ball game in Nazareth between Nazareth and Happy girls Friday night.

Mrs. Willie Modisette and Mrs. Paul Wetzel and David visited Mrs. A. L. Stevens Tuesday afternoon.

Miss Mary Scroggins of Amarillo spent the weekend with her parents, Mr. and Mrs. Elvin Scroggins.

Mrs. A. J. Newsom received word last week that her mother fell and broke her leg while visiting relatives in Florida and was in a hospital there. She is expected to have surgery.

Larry, Barry, and Terry Stevens attended the birthday party of Tommy Shipman in his home Friday afternoon.

Mr. and Mrs. Sammie Yandell and Jim of Tulia and Mr. and Mrs. Sammie Mayes and children Ronnie Wetzel, and Royce Modisette were Sunday visitors in the Elvin Scroggins home.

Mr. and Mrs. Charles Kennedy, Robert and Richard, visited in the Fred Latham and H. G. Kennedy homes in Canyon Sunday afternoon.

Mr. and Mrs. A. L. Clayton of Tulia visited in the A. L. Clayton, Jr., home Monday afternoon.

Mr. and Mrs. Hill Smith and family of Amarillo visited in the home of Mr. Smith's daughter and

family, the Cortez McNeills.

Mr. and Mrs. Watt Heisler visited in the home of Mr. and Mrs.

Henry Schrib Tuesday night.

Your credit is seldom good if you lack the ability to make good.

SOIL CONSERVATION DISTRICT NEWS

Present moisture conditions indicate a good grass production year. This will give an excellent opportunity to improve all ranges in condition.

Ranchers who have practiced proper use, or seasonal grazing and deferment, and whose range is in excellent or good condition will show greatest improvement and production for they "have grass to make grass." You can assure yourself of this fact by observation and by obtaining production information from those who have maintained their ranges and those who have not.

Proper range use should be every ranchers' tool of management and it is for many. What is proper use? It is simply leaving enough grass to insure vigor of plants and give protection for both plants and soil. Through drought and moist years the rule of using half and leaving half has been found to give greatest average production and maintain and improve range condition.

How is it measured? Cattle will always leave a few plants ungrazed. These plants may be protected by brush, in rough places, across a roadside fence, or even on open range. A comparison of grazed and ungrazed plants will readily give you the extent of use.

Weeds and annuals will spring up on bare ground with the moisture available and may offer tough competition to good range grasses. Control of these invaders by grazing or other means may be necessary.

The Randall-Potter Soil Conservation District supervisors urge you to couple proper range use with the promising growing conditions and prove to yourself that the benefit will continue for several years.

MRS. JERRY RAYMOND COSTLEY

Ernestine Jo Pond, Jerry Costley Wed in Church of Christ Feb. 14

Miss Ernestine Jo Pond, daughter of Mr. and Mrs. C. H. Pond of Harrison, Ark., is the bride of Jerry Raymond Costley, son of Mr. and Mrs. C. N. Costley of Canyon.

Vows were exchanged February 14 in the Central Church of Christ, before an archway entwined with white gladioli and orchid carnations. There were also baskets with flowers decorating the candelabra.

Bob Wear, minister, officiated at the double ring ceremony. Gilbert Ray, soloist, sang "Because" and "The Lord's Prayer."

Candles were lighted by Gayle and Davin Gatten, nephews of the bridegroom.

Mrs. Dammie Suggs was her sister's only attendant. She wore a dress of light orchid brocade taffeta, made along princess lines. Her accessories were white, and she carried a colonial bouquet of white carnations.

Calvin Costley served his brother

as best man. Ushering duties were performed by Bill Pond, brother of the bride, and Bobby Costley, brother of the bridegroom.

Escorted and given in marriage by her father, the bride wore a formal dress of Chantilly lace over satin. The V-shaped neckline was outlined with pearls and pearlized sequins. Covered buttons came from the point of the V in back to the waist.

Her fingertip veil of wedding net fell from a tiara of rhinestones. She carried a bouquet of white roses centered with a white orchid atop a white Bible. She wore an heirloom cameo belonging to her grandmother Pond.

Gary Michel Pfeffer, cousin of the bride, was ringbearer. Vickie Costley, niece of the bridegroom, was flower girl. She wore a white dress of polished cotton with a light orchid pinafore.

Mrs. Pond, mother of the bride, chose a blue dress with white accessories. She wore a corsage of white carnations. Mrs. Costley, mother of the bridegroom, wore a powder blue dress with bone accessories and a corsage of pink carnations.

Following the ceremony, a reception was held in the home of Mr. and Mrs. Bill Pond. Miss Vickie Wiggins registered guests.

For her wedding trip, the bride chose a traveling suit of cobalt blue with fur collar. Her accessories were black, and her corsage was made from the roses and orchid of her bouquet.

The bride is a graduate of Canyon High School and San Jacinto School of Beauty. Her husband attended Canyon Public Schools.

Pre-nuptial courtesies extended the bride included a personal shower in the home of Mrs. F. T. Kiser, with Miss Korene Kiser, Miss Nancy Wiggins, and Miss Vickie Wiggins as co-hostesses.

Mrs. Bill Pond and Mrs. Bob Dorn served as hostesses at a miscellaneous shower in the home of Mrs. Pond.

price drop!

During the early days of penicillin, a small vial cost an astronomical sum. Today, the price has been reduced to the point that it now amounts to less than 1/90 of the price when first released... an excellent example of medical science's devoted effort to bring lifesaving drugs within the reach of everyone.

Catholics Hold Workshop Here

Sixty women of the Plainview District of the Diocesan Council of Catholic Women attended a workshop Sunday at the Newman Center at West Texas State College.

Purpose of the meeting was to discuss the work of the CCD at the parish level.

The women were divided into groups of eight to work out answers to questions concerning confraternity projects.

A panel discussed the projects before the group answers were sought. On the panel were Mrs. J. R. Stark, Mrs. John Dietz, Mrs. John Conboye, and Mrs. John Streitzel, all of Canyon, and Mrs.

Carl Hartman, Jr., and Mrs. John Brandt, both of Umparger.

After group answers were prepared, the general session reconvened to present the answers, with Rev. James Comiskey, pastor of St. Ann's Church of Canyon, as moderator.

Mrs. E. Backus of Tulia was awarded the attendance prize.

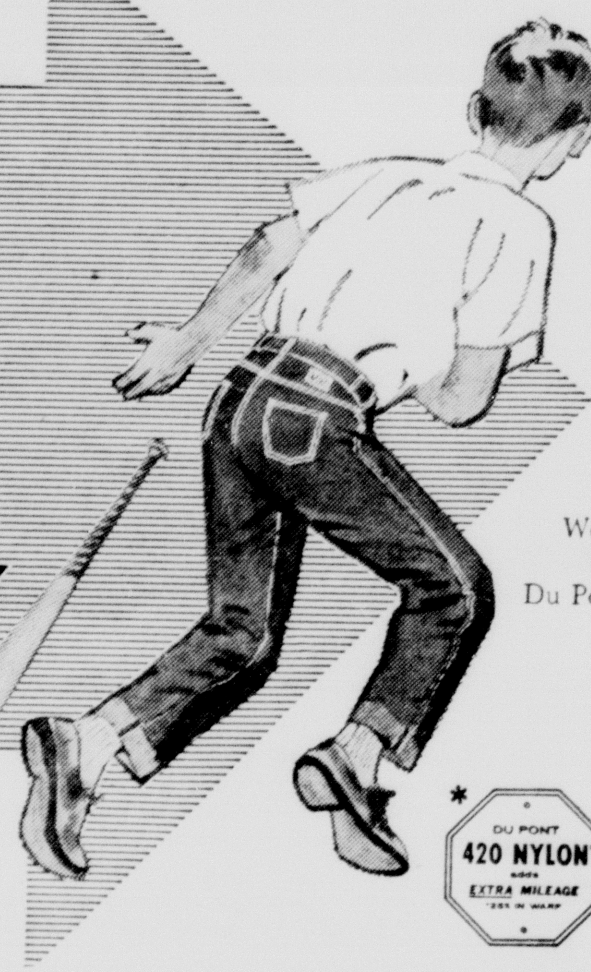

Priests attending the meeting were Father B. H. Erpen of Happy and Tulia, Father James Fitzgerald

of Plainview, and Father Comiskey.

Following the meeting, refreshments of coffee and cake were served by the Canyon women.

Attended Cameron Junior College in Lawton, Okla., and Oklahoma State University in Stillwater, Okla.; served in U. S. Army in World War II.
Member of First Baptist Church of Washington, D. C.

42 Water Wells Drilled in County In 1959, Water District Reports

Randall Countians drilled 42 new water wells in 1959, the High Plains Underground Water Conservation District reported this week.

Most of the wells were for agricultural irrigation purposes. Meanwhile commercial well drilling within the water district increased almost two-fold over 1958. In 1959, a total of 1,518 wells were drilled as compared to 879 wells in 1958.

During 1958, 30 new wells were drilled in Randall County.

A breakdown of the wells drilled shows that five of the wells drilled last year were replacement wells, while 34 were for additional water. Three dry holes were reported in the county.

Water district officials report that very little new land is being placed under irrigation, even though additional wells are being drilled. Most new wells are drilled, they say, to obtain additional water with which decreasing irrigation supplies may be supplemented.

Wells in the southern High Plains of Texas are generally decreasing in capacity. Consequently, new wells are added to an irrigation system are used to regain quantities of water originally pumped from fewer wells, they say.

Another factor which probably had a bearing on increased drilling activity in 1959 is that generally excellent crops were harvested over the area during the fall of 1958. The good harvest not only refilled the area's sagging pocket-book, but also was instrumental in creating an optimistic feeling toward making additional capital investments.

Over 98 percent of the water pumped from wells within the water conservation district is pumped for agricultural irrigation purposes.

DOES HIS SHARE

The fellow who builds a good character contributes a great deal to the world's progress.

Mike Settle, left, and Sharon Wheatley, two West Texas State College coeds and members of the T-Anchor Rodeo Club, were among workers tearing down the club's old arena, northeast of old Buffalo Stadium. Razing of the arena is part of a building program at the college. The club, in cooperation with several local civic organizations, will build a new arena.

T-Anchor Club Razes Old Arena

Razing of a landmark on the West Texas State College campus, the T-Anchor Rodeo Club arena, will make room for college expansion.

Members of the college rodeo club tore down the arena recently and are now at work planning a new arena, to be built in cooperation with the Canyon Junior Chamber of Commerce, the Randall County Sheriff's Posse, and the Randall County Junior Livestock Association.

The old arena was the site of the club's annual intramural rodeo, a National Intercollegiate Rodeo Association event, and several quarterhorse and stock shows. The new arena will offer improved facilities and more events, rodeo club members said.

Mrs. Warren Hosts 1925 Bridge Club

Mrs. W. A. Warren was hostess to the 1925 Bridge Club last Wednesday. She carried out a George Washington birthday theme in tables and refreshments.

Guests were Mrs. Herschel Coffee, Mrs. Hatcher Brown, Mrs. J. M. Daugherty, Mrs. Glenn Dowlen, Mrs. Ray McReynolds, Mrs. Milton Morris, Mrs. A. H. Prichard, Mrs. John L. Williams, Mrs. L. L. Jones, Mrs. T. V. Crouse, Mrs. Newton Crain, Mrs. Joe Gibson, and club guests, Mrs. Clark Jarnagin, Mrs. Hosea Foster, and Mrs. R. C. Busted.

Umbarger News

Mr. and Mrs. Eugene Fangman and family were Sunday afternoon callers in the Elroy Artho home.

Mr. and Mrs. Raymond Batenhorst and family and Mr. and Mrs. Harvey Artho and family were Sunday visitors in the Joe Artho home in Dimmitt.

Mr. and Mrs. Bernard Hartman spent Sunday in the Lee Hasche home.

Mr. and Mrs. Alvin Friemel and family were Sunday callers in the Clarence Beckman home Sunday.

Mr. and Mrs. John Grabber and family were Sunday callers in the Frank Grabber home.

Mr. and Mrs. Vincene Ramacker and family spent Sunday in the Leonard Conrad home in Nazareth.

Mr. and Mrs. Sylvester Batenhorst and family were Sunday afternoon visitors in the Werner Henscheid home in Canyon.

Mr. and Mrs. John Wieck and family were visitors in the Paul Artho home Sunday evening.

Mr. and Mrs. Leonard Davis and family spent Sunday in the Dub Davis home in Amarillo.

Mr. and Mrs. M. J. Gerber and family were Sunday visitors in the Ray Gerber home.

Exchanging visits Sunday were Catherine Westhoff with Suzy Raef, Janice Artho with Delores Artho, Carolyn and Marilyn Wieck with Mary Albracht, Andy Artho with Virgil Artho, Raymond Artho with Andy Raef, and Susan Lindeman with Evelyn Friemel.

Matt Kuehler, father of Mrs. Floyd Bichsel, died Monday in the Groom Osteopathic Hospital.

Cornette Speech Set for Lubbock

Dr. James P. Cornette, president of West Texas State College, will speak Saturday in Lubbock to a field chapter of Phi Delta Kappa, national professional fraternity for men in teaching.

The meeting will be at 6 p.m. in the Student Union Building of Texas Tech, and Dr. Cornette will talk on "Two in One."

Dr. Cornette became a member of the fraternity while attending George Peabody College for Teachers and is a member of the Amarillo area field chapter of Phi Delta Kappa.
